Omni Bar+

Enjoy your favorite movie and music with wireless, room-filling sound.

The Harman Kardon Omni Bar+ needs just one cable to connect to your HD TV and lets you easily set up a wireless HD music system in your home. It also adds access to music streaming services such as Spotify Connect and Chromecast built-in. With Dolby Digital and the included subwoofer you can have new home theater and because it can connect to any Harman Kardon Omni+ speakers, you can easily set up a whole home wireless music system.

BiPod iPhone iPad

- ► Dual band Wi-Fi connection and 802.11ac network support
- ► Stream audio from HDMI, Optical, Bluetooth or aux input

Spotify 🜒

BLACKFIRE

Omni Bar+

HD audio for your television

The Omni Bar+ and subwoofer give you an unmatched home theater listening experience with just a single HDMI cable connection.

Wireless HD music in every room

Seamlessly stream your favorite music to any Harman Kardon Omni+ wireless products. Listen to different music in any room in your home.

Multi Channel Surround Sound

The Harman Kardon Omni Bar+ supports full 5.1 discrete surround sound. So you can wirelessly set up a multi-channel home theater with no cables required.

Play Spotify through your speakers, using the Spotify app as a remote

Stream your favorite songs and playlists wirelessly around your home with Spotify Connect, using the Spotify app as a remote.

Stream your favorite music from your phone to your speakers with Chromecast built-in

With Chromecast built-in, you can cast your favorite music, radio stations and podcasts from your mobile device to your speakers.

24bit/192kHz HD audio streaming with digital and analog connectivity

The Harman Kardon Omni Bar+ supports 24bit/192kHz HD audio streaming. Enjoy a superior audio experience, with higher audio quality than from a CD.

Simple setup and control with the free Harman Kardon Controller app

Easily set up your system and control it with the Harman Kardon Controller app. With additional support for WAS on Apple devices and a step by step in-app guide you can quickly start playing music.

Dual band Wi-Fi connection and 802.11ac network support

Supports the latest 802.11ac wireless home networking technology and dual band (both 2.4GHz and 5GHz) Wi-Fi connection, resulting in a faster, robust and more stable wireless connection.

Stream audio from HDMI, Optical, Bluetooth or aux input

Connect any device via Bluetooth, Optical, HDMI or aux input to your Omni Bar+ and it will automatically stream your music to any other Harman Kardon Omni+ speakers in your home wirelessly.
